Press Release For Immediate Release

THE CANDU SHOW HAS RETURNED FOR IT'S SECOND INSTALLMENT

In the beginning, *The Candu Show* began as an idea to showcase the talent of Houston bands with the most potential to succeed in the music industry. This idea has also become an excellent event to raise awareness among the concert's attendees, of Houston's youth in need. Hence, *The Candu Show*, a quarterly concert and can drive with donations benefiting *The Houston Food Bank*, *Boys and Girls Clubs of Greater Houston* and an organization founded in part by both, *The Kid's Café*, where youths of all ages are taught to cook and prepare meals for themselves. Please bring can goods.

Hundreds of fans and music industry professionals came out to show their support at *The Candu Show's* inaugural event, on February 20, 2004, at the Engine Room. The location has changed, but the vibe remains the same.

THE SECOND EVENT WILL TAKE PLACE AT THE
CRYOLAB
2819 Pease Street
Saturday, May 1, 2004, 8:00pm

Houston's SXSW all stars **The Fatal Flying Guilloteens**, **Dub Tex**, **Drexl**, **Superna**, and special guest stars, **Drop Trio**, who have just cut a deal with **Solange Knowles** (*Beyonce's little sister*) to perform a tune for her new movie, *Johnson Family Vacation*, will be joined by two up and coming-hungry young bands, **White Noise Transistor** and **Perpetual Motion Theory**. The mix of genres - Funk Jazz, Punk, Reggae, Alternative and Classical Rock will make this event one to remember. Interviews will take place in the Cryolab's studio.

THE CANDU SHOW
